

January 2010 - NEWS RELEASE

SAN ANTONIO ROAD OVERCROSSING REPAIRS

The San Antonio Road overcrossing at Alma Street and Central Expressway in the cities of Mountain View and Palo Alto will undergo maintenance repairs to existing railings, curbs, sidewalks and other surfaces that have degraded since the overcrossing was built in 1961.

The work will begin in February 2010 and is scheduled to be completed in April 2010. During certain portions of the work, detours will be needed and vehicles and pedestrians may experience minor delays. The work will require lane closures on San Antonio Road and occasional closure of the ramps between San Antonio Road and Alma Street/Central Expressway. Lane and ramp closures will occur between 9:00 a.m. and 3:00 p.m. on weekdays or on weekends. The project is funded primarily through Federal funds with matching funds from the cities of Mountain View and Palo Alto. For questions or concerns, please contact the City of Mountain View Department of Public Works at (650) 903-6311
